

Black & Decker®

Heavy Duty Power Tools ...for the Professional

Introducing ...
**Heavy-Duty
Drill Bit
Sharpener
No. 4300**

**Professional results in grinding
 $\frac{1}{8}$ " through $\frac{1}{2}$ " bits. Low in cost.**

Now you can afford to sharpen your own bits. Produces results comparable to professional drill-bit grinders costing two, three, or five times as much! Returns badly worn twist drill bits—including high-speed bits—to like-new condition in a matter of minutes. Easy to operate. Permits accurate grinding that maintains proper bit geometry. Handles $\frac{1}{8}$ " (3 mm) through $\frac{1}{2}$ " (13 mm) bits. Complies with OSHA.

Reid June 7, 1975

POWER SLEDGE™

POWER SLEDGE Electric Breaker . . . truly reliable . . . easily breaks up concrete, stone asphalt or clay. Delivers hefty 60 ft-lb blows 610 times per minute from any 120V. power supply. No compressor, no air line. Just plug it in and get the job done. Complies with OSHA.

Hammers

Black & Decker's broad line of professional quality electric hammers provides a rugged unit for every requirement—demolition, non-rotary percussion work, percussion drilling, core drilling and non-percussion drilling. Rotary hammers from 1" to 4" capacity, percussion hammers $\frac{1}{2}$ " to 2" capacity and hammer drills in $\frac{1}{2}$ " and $\frac{3}{8}$ " models, and a $\frac{1}{2}$ " all-insulated model. All backed by a complete line of bits, forged tools, core bits and other hammer accessories. Comply with OSHA.

Portable Band Saw

Powerful, advanced-design. Single and two-speed models. Engineered for fast, efficient cutting and long life. Excellent for fast pipe cutting by plumbers, conduit by electrical contractors. Cuts all metal from bars and angle iron to galvanized pipe and tougher steels. Name the band saw cutting job, and Black & Decker is the name to remember. Easy to operate, highly versatile, this tool cuts at any angle. Weighs only 16 pounds. Complies with OSHA.

Jig Saws

Powerful, rugged jig saws in 2-speed and variable-speed models with $\frac{5}{8}$ " stroke and a super duty model for continuous production use with 1" stroke. Backed by the most complete line of jig saw blades in the industry — $\frac{1}{4}$ " universal shank to fit all major makes of jig saws. Comply with OSHA.

Sawcat® Circular Saws

Black & Decker heavy-duty Sawcats — the broadest, most reliable and most widely used line of circular saws. Three rugged Super Sawcat® models with $7\frac{1}{4}$ ", $8\frac{1}{4}$ " and $9\frac{1}{4}$ " blades feature the automatic electric break. Builders' Sawcats in $6\frac{1}{2}$ ", $7\frac{1}{4}$ " and 8" models with vertical adjustment are

rugged, compact and easy to use. Three Worm-Drive models — $6\frac{1}{2}$ ", $7\frac{1}{4}$ ", $8\frac{1}{4}$ " — are unmatched for high performance in cutting heavy construction materials. B&D offers a complete line of high quality saw blades and accessories. Comply with OSHA.

Cut-Saws

Most powerful in-line reciprocating saw on the market. A versatile tool for cutting a wide variety of materials, it's available in 2-speed and 4-speed models. Long-lasting B&D $\frac{1}{2}$ " universal shank blades fit all reciprocating saws for faster cutting in any material. Comply with OSHA.

Sander/Grinders

Rugged, reliable, heavy-duty B&D right-angle sanders and grinders are a familiar tool anywhere metal sanding and grinding are a daily routine. They're packed with power for fast, economical stock removal, built for long life and for low maintenance costs. A complete line of accessories is available for every kind of surfacing job including abrasive disc back-up pads, flaring cup wheels, depressed center wheels, and wire cup brushes. All necessary safety attachments available. Comply with OSHA.

Vacuum Cleaners

Broad line of powerful, portable vacuum cleaners — with both wet or dry capabilities — designed for rugged use in plant maintenance, at construction sites, in office clean-up. Choice of motor-fan system for any application. Pick the right vacuum cleaner and the right assortment of accessories for your individual cleaning needs. Comply with OSHA.

Drills

34 different models in 1/4" to 1 1/4" sizes... pistol grip, end handles, spade handles, magnetic drill presses... multi-speed, variable speed and reversing features. OSHA compliance.

New Right Angle Drill Kit:

1345 for plumbers (with kit box, handle and wrench) 1348 for electricians (with kit box)

Screwdrivers

Whatever your fastening requirements, Black & Decker can answer your needs with the industry's broadest electric-screwdriver line. Pick any of 19 models—they're all heavy duty—from the new Versa-Clutch® models to depth-sensitive reversible drywalls to positive clutch reversibles to adjustable-clutch. B&D screwdrivers are built for continuous use, less operator fatigue, strong, and uniform tightness. There is a complete line of bits and finders for every fastener application. Comply with OSHA.

Sanders

High-performance belt sanders and finishing sanders engineered for continuous production use in any application on a broad range of material. Also, a heavy-duty ball bearing sander in four speed

choices with a wide choice of accessories for sanding, brushing, polishing, wire brushing, rubbing, and other applications. Comply with OSHA.

Routers

Black & Decker is an established name in routers with one of the industry's broadest lines. B&D Cyclone Routers in 1/2, 1, 1 1/2, 2 and 3 HP models with motors and bases available separately and a 1/2 HP laminate trimmer make a most versatile line for routing sheet metal, composition board or wood in every application. All heavy duty. All job-proven. Plus a wide choice of router bits. Comply with OSHA.

Laminate Trimmer

Powerful 1/2 HP tool for heavy-duty use. Exclusive cantilever design allows bit to be clearly visible during cutting. Non-marring plastic base. Non-rolling guide presents excessive glue build-up. Complies with OSHA.

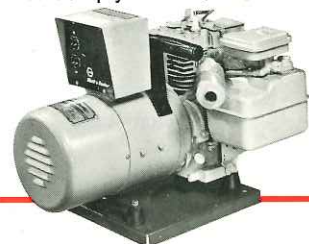

Electric Submersible Pumps

Five models of construction site dewatering pumps in 2", 3" and 4" models push water up to heads of 140 feet. Remove water from 125 to 520 gpm with no starting problems, no priming. No gasoline. Just drop one in, plug it in and forget it. You get quiet, round-the-clock operation without attention. Comply with OSHA.

A.C. Generators

Five models, from 2,000 to 5,000 watts. Ruggedly designed for continuous duty operation. Now, you can have power whenever you need it—wherever you need it—without long extension lines. All models feature dependable Briggs & Stratton engine with quiet, lo-tone muffler, one year guarantee. Comply with OSHA.

Shears

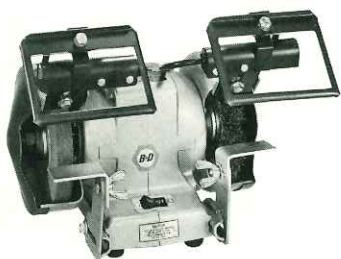

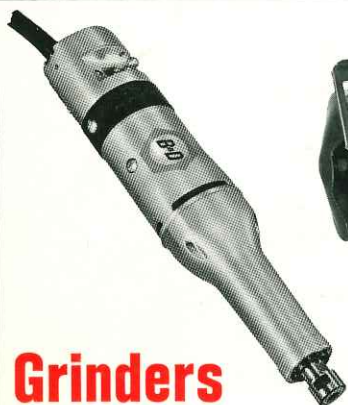

Cuts all types of metals with a powerful, scissors-like action at speeds up to 30 feet per minute in cold rolled steel. Follows pattern lines perfectly. Cutting blade is

always visible. Shear motor, gears, blade and all working parts are built for top output on production work. Comply with OSHA.

Impact Wrenches

Handles nuts, bolts, lag screws and self-drilling and self-tapping screws. With 3-jawed chuck added, it will handle the toughest drilling jobs. Available in 1/2" and 3/4" square-drive models and a complete 1/2" square-drive kit. Comply with OSHA.

Grinders

A complete line of bench grinders, portable grinders, die grinders and accessories for use in a wide variety of maintenance, pro-

duction and toolroom jobs . . . all engineered for heavy duty use and long life. Comply with OSHA.

Nibblers

Quickly, efficiently cuts many types of sheet metal up to 8 ga. thickness. Cuts many types of corrugated metal, plastics and composition material in sheet form. Won't bend or curl metal. Operates on punch and die principle. Comply with OSHA.

Black & Decker Guarantee

Black & Decker guarantees, for one year from date of purchase, to correct by repair or parts replacement without charge any defect due to faulty material or workmanship. Simply return the complete unit, transportation prepaid, to any Black & Decker Service Center or authorized Service Center. Naturally, we assume no responsibility for damage caused by misuse, careless handling or where repairs have been made or attempted by others. No other guarantee, written or verbal, is authorized by us.

One-Year Free Maintenance

B&D offers one-year free maintenance on certain tools. For details about the current program, get in touch with your distributor or your Black & Decker representative.

Service

B&D has the broadest network of service facilities in the industry . . . 96 factory-operated service centers and 73 authorized centers. Each B&D center can fill every need for service, parts, accessories, maintenance and warranty administration.

OSHA

All Black & Decker tools described here comply with the OSHA standards applicable to them.
